

The Truth and Reconciliation Commission presented their report and recommendations in Ottawa on May 31 to June 3. Individuals, groups and churches were invited to create Heart Gardens in their communities and to send some of the hearts to Ottawa for the Heart Garden that was being created at Rideau Hall. Our children made a basketful of beautiful hearts that were blessed and taken to Ottawa on their behalf by Stephen Allen. While we don't have much of a garden at the moment because of the construction, we were able to attach some of them to the front hoarding to welcome all who came to the ecumenical prayer vigil that took place at Redeemer—our own version of a Heart Garden. ☒
