Family Activities:

As you take part in these activities together feel free to send Roshni pictures of what you created and your time together. With your permission Roshni will share these pictures with our Redeemer community as another way to help us stay connected.

Activity 1: Creating Hope Posters

On **page 2** you will find instructions to make Hope posters for the many rooms in your home as we reflect on the church school lesson and prepare for Palm Sunday next week!

Activity 2: Games that focus on light

On **page 3** you will find a few games that involve light. Let your lights shine & have fun!

Activity 3: Colouring Sheets and word puzzles

On **pages 4-7** feel free to print and complete/colour these activity sheets.

Creating Hope Posters

Materials:

- Paper
- Tape (to put up your poster)
- Anything you have on hand for decorating (stickers, markers, crayons, ANYTHING!)

Directions:

1. On your poster write the word HOPE in big letters (this should be the focus of your poster)
2. Decorate your poster in whatever ways you like with the craft supplies your family has. You can even write some other words, or draw some pictures that give you hope and a reminder that God is with you and loves you (for example maybe you can draw a picture of something that reminds you of God)
3. Put up your Hope poster in a room of your house and feel free to put up any other decorations you make - we are getting ready for a Palm Sunday parade next Sunday so we should get a room, or a few rooms in our home ready for this!
4. Feel free to add to your Hope poster throughout the week

P.S. Churches across Toronto and beyond have created a virtual hope poster where they write moments that have given them hope recently. You and your family can take a look at some of these hopeful moments as you create your poster!

Games that Focus on Light

As we spoke and sang about light today enjoy some of these games and activities that involve light! And don't forget to play or sing 'This Little Light of Mine'.

Let your lights shine!

Follow the Light:

One person has a flashlight (even the flashlight on a cell phone will work) and points it to the floor and the other participants need to watch and follow the light. When the light moves all the participants must move quickly to keep up and follow the light!

Flashlight Tag:

Think of this as a flashlight version of freeze tag. One person is "It" and holds a flashlight while everyone else in the family starts a dance party! When the light hits a dancer, they must freeze. If the flashlight-holder catches someone still moving in the light, that dancer is now "It."

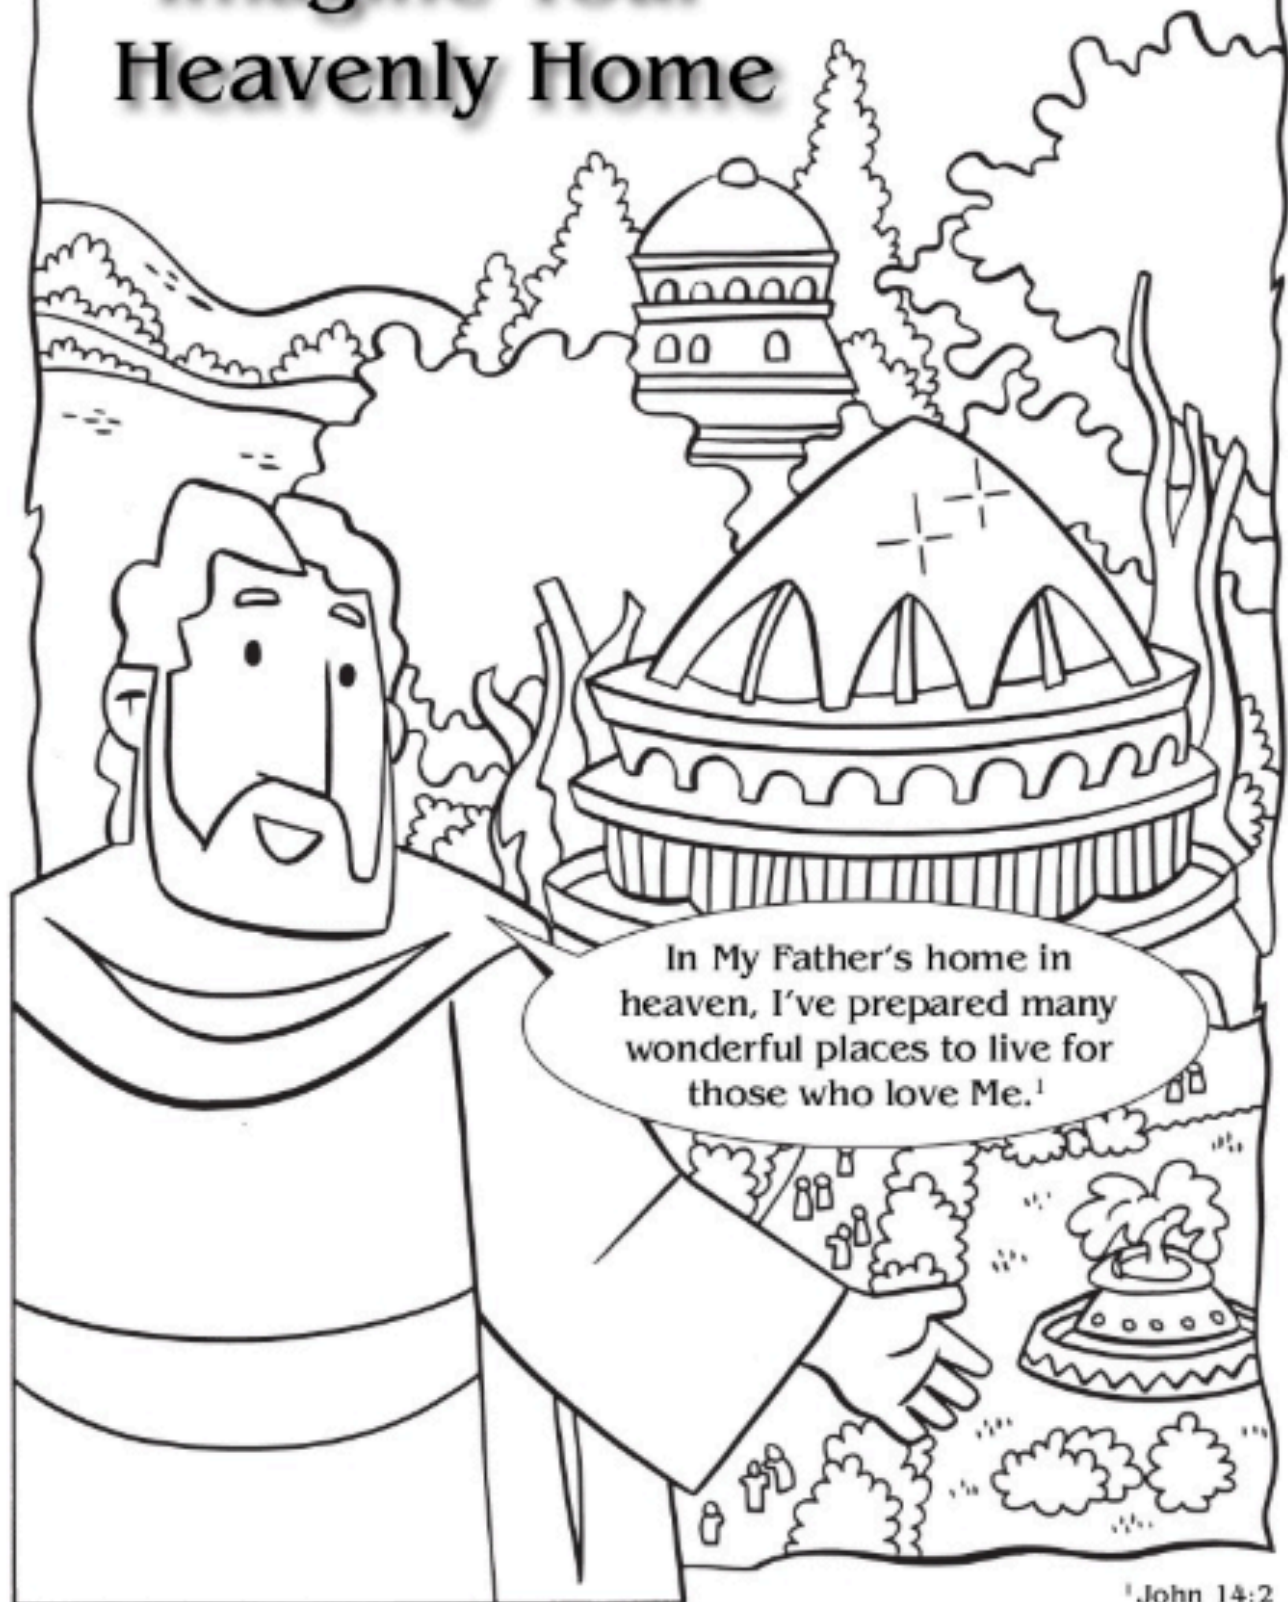

Flashlight Limbo:

You don't need a broomstick or a hose to play limbo—all you need is the beam of a flashlight! Point the flashlight so it shines parallel to the ground just above your heads, and have everyone playing walk, crawl, or bend under it so that the light doesn't touch any part of their bodies. When everyone has passed under the light, lower the beam a few inches. A player is "out" when the light illuminates a part of his or her body.
